

## Lost to Clearwater

The Mulvane High School lost its first foot ball game Saturday at Clearwater, but by such a modest score that defeat was almost victory. Clearwater has been playing football for years, and has had the benefit of coaching by Fairmount students until they know many of the finer points of foot ball by instinct. On the other hand, several of the Mulvane chaps had never seen a foot ball game in their lives. There is no other way to learn the game but to play it against real opponents. They were ineffective against the Clearwater attack and the first quarter resulted in three touchdowns for Clearwater. In the second quarter the Clearwater boys again scored, but after that there was nothing doing as the Mulvane boys learned rapidly.

The Mulvane boys were slightly the heavier and will be able to acquit themselves creditably before the season is over. The first game here will be Friday with Viola as our guests. We hope that the people will get out and see the game. It costs considerable to bring the visitors here, and the only means of support is from the gate receipts.
