

We Won From Clearwater

That was quite a surprise the Mulvane team pulled off at Clearwater, beating that school 7 to 6 last Friday. The dope did not have it so, as Clearwater had beaten Conway 28 to 0 and Conway had trimmed Mulvane 14 to 7. But dope does not count so much as pluck in football. Mulvane has had a lot of bad luck this year. The loss of so many of her best men, has put her up against it, requiring complete changes of position and spoiling the machine work. The team, too is lighter than ever with the loss of these digger boys. But the youngsters are beginning to get into it better, and the game at Clearwater proved it. Neither team could make much progress on offense. Mulvane's score came as a result of a lucky catch by Eck of a long pass which Throckmorton intercepted by knocking it into the air. Eck carried the ball 65 yards, John furnishing some splendid interference. Clearwater also made her touchdown as a result of a fumble, and failed to kick goal while Mulvane was lucky in that respect. It was anybody's game, the scoring being done in the last few minutes.
